

Animal Control Activity Report, NC: 1998

Note: There are several caveats that must be understood when using or citing this data. Reporting is voluntary and not all counties report. Counties that report data may not do so for all 12 months. Counties may not report all fields in the months that they do report other data. Counties or cities designated with a * in the NOTE field may have combined vaccination data for dogs and cats in at least one month.
